What's happening in D.C. is exactly what they want. Trump calls in millions of supporters. Agent provocateurs kick off a riot. Capitol police stand down and allow the Capitol building to be stormed. An unprecedented act. All hell breaks loose. All the while a massive surveillance operation is documenting patriots faces, names and criminal acts. Said information is given to incoming administration. The incoming administration now has reason the bring the full force of the state against the entire right wing, especially those engaged in criminal activity today.

I know many of you are very angry, and you have a right to be. You watch these videos and engage acts. It feeds and satisfies your righteous indignation. They are playing you on your anger and impulse.

Our enemies are incredibly smart with access to immense power. They've been 10 steps ahead of us for centuries.

Slow down. Detach from your emotions. Try to see past the layers of deception. Pray for guidance.

Mike Pence @Mike_Pence is a dark soul. He is NOT a man of God. He uses God for his own self-serving purposes. He used 13, 14, & 15 year old boys for his own self-serving purposes too.

A very special place in Hell awaits Pence
